BLACK TYPE

¶ The names appearing in **BLACK TYPE** in this directory represent the energy and enterprise of the city and it is a pleasure for the publishers of this directory to have the opportunity to make the public acquainted with them. Those in **black type** are the people who accomplish the wonders in business here and make Atlanta what it is. They recognize and support all the public necessities and things needful to improve and serve a CITY of Atlanta's magnificent possibilities. They are not the drones and sponges who never support anything, but seek rather to gain by others' hard work and money. When you patronize those in **black type** you patronize men and firms who will PATRONIZE YOU in the same broad manner that you patronize them.

WE GUARANTEE YOU AGAINST LOSS AND MISREPRESENTATION
IF YOU WILL MENTION THIS DIRECTORY WHEN PATRONIZING
OUR ADVERTISERS.

BLACK TYPE

¶ The names appearing in **BLACK TYPE** in this directory represent the energy and enterprise of the city and it is a pleasure for the publishers of this directory to have the opportunity to make the public acquainted with them. Those in **black type** are the people who accomplish the wonders in business here and make Atlanta what it is. They recognize and support all the public necessities and things needful to improve and serve a CITY of Atlanta's magnificent possibilities. They are not the drones and sponges who never support anything, but seek rather to gain by others' hard work and money. When you patronize those in **black type** you patronize men and firms who will **PATRONIZE YOU** in the same broad manner that you patronize them.

BLACK TYPE

q The names appearing in **BLACK TYPE** in this directory represent the energy and enterprise of the city and it is a pleasure for the publishers of this directory to have the opportunity to make the public acquainted with them. Those in **black type** are the people who accomplish the wonders in business here and make Atlanta what it is. They recognize and support all the public necessities and things needful to improve and serve a CITY of Atlanta's magnificent possibilities. They are not the drones and sponges who never support anything, but seek rather to gain by others' hard work and money. When you patronize those in **black type** you patronize men and firms who will **PATRONIZE YOU** in the same broad manner that you patronize them.

WE GUARANTEE YOU AGAINST LOSS AND MISREPRESENTATION

BLACK TYPE

¶ The names appearing in **BLACK TYPE** in this directory represent the energy and enterprise of the city and it is a pleasure for the publishers of this directory to have the opportunity to make the public acquainted with them. Those in **black type** are the people who accomplish the wonder: in business here and make Atlanta what it is. They recognize and support all the public necessities and things needful to improve and serve a CITY of Atlanta's magnificent possibilities. They are not the drones and sponges who never support anything, but seek rather to gain by others' hard work and money. When you patronize those in **black type** you patronize men and firms who will **PATRONIZE YOU** in the same broad manner that you patronize them.

BLACK TYPE

¶ The names appearing in **BLACK TYPE** in this directory represent the energy and enterprise of the city and it is a pleasure for the publishers of this directory to have the opportunity to make the public acquainted with them. Those in **black type** are the people who accomplish the wonders in business here and make Atlanta what it is. They recognize and support all the public necessities and things needful to improve and serve a CITY of Atlanta's magnificent possibilities. They are not the drones and sponges who never support anything, but seek rather to gain by others' hard work and money. When you patronize those in **black type** you patronize men and firms who will **PATRONIZE YOU** in the same broad manner that you patronize them.

BLACK TYPE

¶ The names appearing in **BLACK TYPE** in this directory represent the energy and enterprise of the city and it is a pleasure for the publishers of this directory to have the opportunity to make the public acquainted with them. Those in **black type** are the people who accomplish the wonders in business here and make Atlanta what it is. They recognize and support all the public necessities and things needful to improve and serve a CITY of Atlanta's magnificent possibilities. They are not the drones and sponges who never support anything, but seek rather to gain by others' hard work and money. When you patronize those in **black type** you patronize men and firms who will **PATRONIZE YOU** in the same broad manner that you patronize them.

Hearing is Believing

That is the final supreme test of the Columbia Grafonola—as of any other musical instrument. Tone is the ultimate demand.

Columbia Grafonola "Jewel"—\$35.

And it is tone that has given Columbia Grafonolas the place they hold. It is their tone—unmatchable in its natural purity and absolute fidelity—that justifies their description as incomparable instruments of music.

We do not want you to be content with reading this advertisement—or even with *looking* at the instrument. Hear it. It is the

COLUMBIA

"Jewel"—costing just \$35—easy terms. All you need to do is to telephone us and ask to have one sent to your home with an assortment of records on approval, without obligation to you.

Other Columbias \$17.50 to \$500. Easy Terms

65 cents is the price of a full thousand ten-inch Columbia Double-Disc Records—a selection on each side of the disc—quality, tone, reproduction and durability unexcelled and so guaranteed to you. Other Columbia records all the way up to \$7.50.

Now get that new "sample" record for 25 cents from us—or send us 25 cents in coin or stamps, and we will send it to you ourselves. It *proves* what at best we can only *print* here.

PRINTING

E PRINTED THIS BOOK.

That, however, is not the reason for the appearance of this advertisement. Most any printing office, if it is big enough, can print a city directory. Besides, with the exception of a daily newspaper, no other work calls for such a stress on time, and this very haste for fear folks may move before its issue, effectually precludes first-class work.

¶ The real reason for this advertisement is that on account of our exceptional mechanical facilities and the extraordinary ability of the specialists that make up our operating force, this Directory would be incomplete without specific reference to us, in the interest of those who may consult it in any matter involving the graphic arts of Printing, Lithography or any subsidiary industry.
